

LIVE TO RIDE.
RIDE TO LIVE.

PROTECT YOUR RIDE

THERE ARE TWO TYPES OF
PEOPLE IN THIS WORLD, PEOPLE
WHO RIDE MOTORCYCLES AND
PEOPLE WHO WISH THEY COULD
RIDE MOTORCYCLES.

BIKE PROTECTION

Additional Benefits

The following benefits are included in both the BOSS and THROTTLE Protection Plans:

Roadside Assistance – Sign and Ride benefits include Towing, Jump Starts, Fluid Delivery, and Concierge Service. Bike Protection will cover up to \$100 per occurrence (less the cost of fluids required).

Trip Interruption – You also have the added benefit of expense coverage for overnight stays and meals incurred if you are stranded more than 100 miles from your home due to a covered breakdown. Bike Protection provides up to \$75 per day (maximum of 3 days) for trip interruption.

Alternate Transportation – Bike Protection will reimburse you for a rental vehicle at the rate of up to \$75 per day for up to 5 days, and a maximum of \$375 per mechanical breakdown. The total dollar limit is increased to a maximum of 10 days if repairs are delayed due to the manufacturer's failure to deliver replacement parts, and we are supplied with manufacturer's documentation of the backordered part.

Unlimited Number of Claims – The number of claims on your vehicle is unlimited. See your contract for details on payable claims.

Nationwide Coverage – Your Bike Protection plan is honored in both the United States and Canada. If you happen to be traveling, you can have confidence that repairs of a covered component will be taken care of for you. Just call our toll-free number for prior approval.

BIKE PROTECTION

THROTTLE PROTECTION

(For Eligible Vehicles)

Provides the most cost-effective level of coverage for your vehicle. The extensive list of covered parts and components includes the following:

Engine – Engine block and/or replaceable cylinder sleeves; cylinder heads and valve covers; all internally lubricated parts contained within the engine; turbo charger; intake manifolds; reed valve; reed block; engine mounts; oil pump; water pump; timing chain and gears; timing cover; flywheel and flywheel ring gear.

Transmission – Transmission case (if damaged by a covered internally-lubricated part); all internally lubricated parts within the transmission case; and transmission mount.

Primary Drive – Primary drive case (if damaged by a covered internally-lubricated part); all internally lubricated parts (except clutch and hub assemblies) contained within the primary drive case.

Drive Axle (shaft driven only) – Transaxle housing and final drive housing; all internally lubricated parts of the differential housing; axle shafts; constant velocity joints; universal joints; drive shafts; supports; retainers and bearings.

Front & Rear Suspension – Front fork tubes and front hub; all internally lubricated parts within the fork tubes and front hub; swing arm; swing arm bushings; and front and rear wheel bearings.

Steering – Steering stem; upper and lower steering stem bearings and bushings and handlebar; steering rack; tie rod ends.

Brakes – Master cylinder; calipers; brake backing plate; hydraulic brake lines; brake hoses and metal fittings.

Electrical – Alternator; starter; starter drive; starter solenoid; voltage regulator; manually operated switches; cooling fan motor; wiring harness; ignition coil(s); rectifier; stator assembly; and magneto.

Gauges – All factory instrumentation (mechanical and electronic) and electronic instrument sensors. Light bulbs are excluded.

Fuel System – Fuel pump; fuel injectors; fuel pressure regulator; oil injection pump; oil injection drive gear; and fuel petcock.

Seals and Gaskets – Leaking seals and gaskets on any covered part. Minor loss of fluid or seepage is considered normal and is not considered a mechanical breakdown.

See contract for complete details.
